

WEST40: A CARING CONTINUUM OF SOCIAL-EMOTIONAL + ACADEMIC SUPPORT

Providing kids with the resources and attention they need to thrive and stay in school is the root of success within all communities. At West40, it's our passion and we've created programs to make it happen. We work with districts, students, and families to eliminate barriers that are inhibiting students from finding academic, behavioral, and social-emotional success in school. Our continuum is not a straight path, but an offering of programs that are connected and even overlap to best serve students' changing needs. The earlier these programs are implemented, the higher the success. Below is a broad overview of our programs.
