

LET'S KEEP STUDENTS ON THE PATH TO GRADUATION.

Introducing the Truancy Outreach Services Program.

At West40, we know that every student who routinely misses school has an underlying challenge. We partner with your school and district to solve those challenges—working alongside, but outside the system, to make students feel safe and supported.

In 2021, West Cook County reports:

14,000
CHRONICALLY TRUANT STUDENTS

34%
IMPROVED ATTENDANCE AT
SCHOOLS SERVED BY WEST40

TRUANCY: HOW WE HELP

By giving students extra assistance and providing earlier intervention, we help turn truant kids into graduates. From creating attendance goals and success plans to connecting kids with social services, like skills training, and more, we remove roadblocks and create a positive attendance culture that unites schools, students and parents.

This is a simplified workflow. Contact us for more details.

To learn how the West40 team can help students in your district, contact Nancy Debre, Director of Truancy Outreach and Teen Parent Services, at ndebre@west40.org.
